1 Home Page

When you open webPAS, your default ward displays with all current patients.. To view another ward, click on the ward name displayed to open the drop down list.

Bed	Patient	Patient Condition	Diet	Fasting	Health Speciality	Unit Doctor
1A	LASTNAME, Mr First Names (Date of Birth),M, NHI	[V, P - 8201]	[Diet Icon]		S70 Urology	Urology NIXON, Anthony (MR)
1B	LASTNAME, Mr First Names (Date of Birth),M, NHI	[V, P]	Adult Standard		S40 Ophthalmology	DAVIDSON, Scott (DR)
1C	LASTNAME, Mr First Names (Date of Birth),M, NHI	[V, P]	[Diet Icon]		S45 Orthopaedics	MANSON, Johnathan

Tip! Clicking the webPAS home icon will always return you to the ward bed list

Diet information is linked to this icon—clicking on this opens the diet information template.

2 Add Diet information

- 1 At the Hospital level - click on the views tab
- 2 Select Ward Diet list

A ward diet list displays.

This looks similar to the ward list, clicking the diet icon opens to a the full data entry box

NDHB are only using the Main Diet, Fasting and Comment boxes at this point.

It is expected that after go live Menu assistance information can also be added.

Clicking on the down arrow in the box opens the list of options.

Diet descriptions will display.

Adult Standard is at the top of the list
